FRIENDSHIP

I've always loved the fall, when it starts to get cooler, and the leaves start to change. I love the feeling of snuggling up under a large blanket at my mountain cabin and getting a warm mug of tea or cocoa to share. But I must admit, I wasn't looking forward to this year. My last relationship ended, and I was facing this season alone.

It wasn't that I'm not a catch; tall at 6'2, long dark hair, deep dark eyes, and a pair of boobs that the boys always seem to be eyeing. It'd be easy to find a guy (or several) who'd be down for a quick weekend. But after so many years in my last relationship, I wanted to be something more than a catch for a weekend. All I can say is that I'm forever grateful for good friends.

A couple of weeks ago, I got a random visit from my best friend, Barbara. She just came by to check on me and we ended up spending the afternoon together watching movies and making cocoa. We worked together to make the dinner we shared, and we snuggled up under the blanket with the fireplace crackling as the night chilled us. It felt so good, so right to be there, sharing body heat with my best friend. Her dark hair smelled like coconuts, and I buried my face in it, feeling the scent drawing me in.

Slowly, the evening turned to night, and we pressed in closer together without a thought or care in the world, just the two of us there together, enjoying each other. When it was finally time to head to bed, she took hold of my arm and looked into my eyes, hers trembling with both fear and bold power. And before I could ask what was wrong, she leaned in and kissed me.

I'll admit, my first reaction was shock, followed quickly by another dozen emo-

tions. And an intense desire to feel it again. After what must've felt like an eternity to Barb, I wordlessly leaned back in to return the kiss, more slowly and gently than before, wrapping my arms around her head to run my fingers through her long hair.

We didn't need to speak; it felt like there was an immediate bond that we'd always had with one another that grew stronger just with a few moments of making out. I took her hand in mine and, continuing to kiss her with increasing passion, led her back to the bedroom, keeping the blanket wrapped around us like it was some sort of guardian to keep us together.

We kept at it, only dropping the blanket on the bed, and quickly shared a look before simultaneously pulling off our sweaters. I had an old bra on, not thinking anything of the day that morning, while Barb surprised me by having nothing on at all, letting her boobs hang there in front of her.

I bit my lip and took it all in. Her large nipples were enticing and quickly drew me in. I started tracing out their outline as Barb released my own chest and started mirroring my actions. Slowly, we both moved towards the areolas and nipples that reminded us quickly of how cold it was. I slid a hand under, feeling their weight and enjoyed the smoothness of Barb's brilliant flesh.

We laid down facing each other, making out as her hand drifted down under my waistband and toward my crotch. My head fell back, and I closed my eyes, moaning as

40+ #24

40+: Hi Jasmine. Thanks for joining me today. I hope you found the place

without a problem.

Jasmine: Hi. No, I've been here before so it was easy to find it. I hope you brought some good questions.

40+: I hope so, too. I tried them out on my wife and she thought they were perfect. Ready?

Jasmine: Let's do it. I'm itching to answer them, yeah.

she touched me, using only her fingertips to gently tickle my sensitive clit. She knew what she was doing, slowly elevating the levels of passion and energy.

It didn't take long for her to slide my pants and panties down, which almost immediately gave her easy access to slide a finger, then a second inside. I gasped as she took over, no desire in her eyes other than to make me feel a rush of sexual energy. She led me, keeping me right on the edge as her fingers seemed to know where to go better than my own, much less anyone else. It seemed like they had a mind of their own.

I grabbed the sheets and stretched myself out, giving her access to whatever she wanted. She quickly took advantage and lowered her mouth down to my clit, letting her tongue now work in place of her fingers. The new rush was almost too much, and it didn't take long before I felt the final rush seize through me as Barb kept going, pushing me through the experience, enhancing it with her expert tongue and desire.

When she finished, we curled up in each other's arms and pulled the blanket up over our naked bodies. That weekend, I learned how much relief a good friend really can be, and realized just how good a friend Barb really is.

THE FARMER'S DAUGHTER

Ever since I can remember, I've had my eye on the neighbor's daughter, Natalia. Even as kids, we used to play in the vast fields between our homes and I knew that there was more than just a spark between us, but neither one of us could ever acknowledge it because of her father. It was widely known that anyone who made any sort of move with Natalia was going to sooner or later face his rage and anger; something he'd hit me with more than a couple of times. But as we got older, it's

been getting harder to keep my feelings suppressed, and last week, Natalia and I finally broke.

I was helping her father out in the large barn behind her house when she came in with that wickedly seductive smile that she always seemed to wear, at least for me. I'd always hoped it was just for me, but I've never really been sure.

Either way, as she came in, she pulled the large door shut and slid the latch across, mentioning that her father was in taking a nap, but that she didn't want to be interrupted. I didn't really pay it that much attention, giving her a polite nod and getting back to my work.

Until Natalia came up and sat on the hay bale right next to me and quickly leaned over to rest her arm on my shoulder. She asked me how long I expected her to wait and that she was starting to get anxious. I was confused by that point, and when I turned to her, my confusion didn't end. She had pulled off her top and her large, gorgeous breasts were staring back at me. I looked them in both awe and terror before quickly turning away. She reached over and grabbed my chin, turning me back to look at them.

I'll admit, this wasn't my first-time seeing boobs, but it was the first time seeing hers, and I just couldn't believe how

40+: OK. Well, you're obviously quite British, have you found that to be a turn on to American guys?

Jasmine: Oh bloody yes! They all love it. Especially when I use words that aren't used here, and then I have to explain them. Like 'lift' for elevator, or 'torch' for flashlight, or 'lorry' for truck.

40+: Do American guys fuck differently than British guys?

Jasmine: Not really. A cock's a cock. But sometimes I do find men here are a bit more aggressive.

40+: And what about the American girls and sex?

beautifully perfect they were. She made me look at them, told me to reach out and touch them. I did, trying to do my best not to look over my shoulder in fear that her father was going to step in at any moment. She didn't let me linger on that thought. Just feeling their firm softness made me quite horny.

Slowly, I was more drawn into her, my fingertips trembling as they traced around her nipples that stood out, straight and proud at me. I looked up at her, almost like I needed permission to keep going, and she laughed and rolled her eyes. She reminded me that she was a woman and that we didn't need her father's permission anymore. That didn't really put me at ease after all those years, so she simply took over.

She hopped down off the hay, her boobs bouncing in front of me, and I really didn't think I could look away. She pushed me back against the hay and told me not to move as she lowered herself down to my jeans. I felt her hand stroke along my throbbing package, sending shivers through my body as she pulled open the fly and button, pulling my long dick out.

After examining it for what felt like an eternity, Natalia slid her mouth over my meat, sending my eyes to the back of my head, and forcing a moan out of me that echoed loudly in the barn. I slapped a hand over my mouth, and it was a good thing I did as her tongue seemed to follow her lips but did a dance along the shaft that lips or even hands couldn't duplicate. Her eyes looked up at me, watching my expression with an eager hunger.

I couldn't believe how good it felt, and how well she was able to manage my dick; better than I ever could've imagined over all those years just watching her grow up with me. Slowly, I let myself relax,

only feeling the energy and pleasure increase dramatically when I did. My dick throbbed heavily in her mouth, and she finally pulled it out, telling me that wasn't where she really wanted it.

A moment later, she was up off her knees, and she flipped us around so that her back was to the hay. And it was only then that I realized that she'd pulled off her pants, and I now watched as she thrust her hungry pussy out towards me. I took my time, enjoying the view for as long as I could. But that didn't last very long as she got a little impatient and grabbed my cock, pulling me toward her and lined me up so that my first thrust would go balls deep.

I felt her pussy's warmth and muscles contracting around my hard-on. I tried to go slowly, tried to enjoy it, but each time I thought about it, I realized that I was speeding up, going faster and harder, and that she was really enjoying it. I watched her face go from grin to smile to wince as I let out a gasp and it didn't take long for me to let my seed loose.

I could barely breathe, and she had to grab my back hold me steady as my body rocked and jolted with the intensity of the orgasm. I took a deep breath as she leaned in and kissed me hard, telling me she'd love to do this the rest of our lives. And I suddenly had the courage to finally agree with her.

— Barry B., Washington D.C.

Jasmine: Oh, they are great. I love them all. Some of them are the sweetest birds I have met.

40+: *As I watch your videos, I notice that your nipples are always hard. Really?*

Jasmine: (giggles) Yes, they are almost always hard. I don't really know why. Maybe because I'm in a state of constant horniness. And when I wear a tight shirt, they get me a lot of free drinks!

Passion Pits

Sex clubs where anything—and everything—goes

“His naked ass was pumping up and down, just drilling it into her. And from the ecstatic look on her face and the way she was clawing at his back, you knew that it was that good. God, she was a beautiful piece of ass herself.”

“Her tits were exposed, nice round ones with nipples that must have stood out an inch. Every so often he gave one of them a nibble and she bucked her hips even harder against his. The two of them were moaning and groaning and carrying on so that you could hear them above the throbbing beat of the music. I was so turned on just watching them that I almost came in my pants,” remembers Johnny, a regular at a famous New York club.

Was he recalling a steamy night at home with a hot date? “Nah, they were doing it right on the dance floor,” he marveled. “I could hardly believe it. I mean, I thought I’d seen everything but this was amazing. One minute they were dancing and the next minute they just sank down on the floor and he dived under her dress. And she wasn’t wearing any panties. I don’t know whether they were so turned on that they couldn’t control themselves, or they got turned on doing it right there, but personally I don’t know I’d have the balls for that kind of thing.”

Maybe not, but the trend toward sex coming out of the bedroom has been slowly growing. What people used to do even in the backseat of a car can be a part of the impromptu show at these private clubs. Perhaps the most famous of these passion pits was the infamous Plato’s Retreat in

New York City. Founded by swingers who operated it as a private club (but anyone paid the price of admission at the door and become an instant “member”) you can romp in the pool, the Jacuzzi, dance away... or head for the mats. The mat room was where all the action took place. You’d check your coat and your clothes and get a towel. Some would wear it around their waists and others around their necks. But in the privacy of this club whole hordes of people would group and grope, and pile up in just about every combination imaginable. But these days you don’t have to even bother to go to a swinger’s club anymore.

Phillip, an executive director of a large company, relates what happened when he was taken as a guest to a very private, posh club in Paris: “An incredibly attractive woman approached me and asked me to dance. You could tell she had class, money, and was bored out of her mind. We danced real close and I could feel her nipples getting hard through her silk dress. Then she took me by the hand and led me over to an area in the back of the club where there were large sofas. We’d never said a word and I watched in amazement as she undressed as casually as if she was in her own boudoir.

“When she was naked, she lay down on the couch and opened her arms, and beckoned for me to make fuck her. Now, I’ve always been a person who thought sex was a private act between two people and not a private show. But here I was in Paris, and I looked around and other people were

freely enjoying the favors of their companions, so why shouldn't I?

"So I plunged in with gusto. If this beautiful woman wanted me for the pure pleasure of it, why not? I still felt self-conscious as I slowly took off my pants and underwear. I lay down next to her and we began to kiss and caress. She had the most marvelously velvet skin and a musky odor that excited me into a frenzy of passion. Finally, and maybe a bit to my surprise, I had a hard-on and began to make passionate love to her. She was moaning and writhing and responding to me as if she hadn't had sex in a month.

"Then I started hearing a guy's voice say things like, 'Harder.' 'Faster.' 'Give it to her!' I ignored him but he didn't go away. He was watching us as if we were putting on a private show for him. I continued to ignore him and went down on her pussy, and ate her until her creamy pussy was sopping wet and then I gave it to her again. The whole atmosphere—the music, the lights, the drinks I had, and the heady experience of a beautiful woman wanting me so urgently she would do it in public—turned me into a crazed animal. But this guy wouldn't get lost. When I was going down on her he was saying, 'Bravo. Get your tongue in there.'

"Finally, I couldn't take his presence a minute longer and simply said, 'Look. Get lost, buddy.'

"But I want to watch," he insisted.

"I don't want you to watch. Go away," I commanded him.

"But, monsieur, that is my wife you are fucking," he told me. I almost died. I pulled up my pants and left with as much dignity as I could muster."

It's happening across the country: in Chicago, Los Angeles, Houston, Detroit—wherever people get dressed up or go out on Saturday night to have a good time and to get away from their everyday problems.

Sue, a marketing professional from Boston, reported what she'd recently seen in a neighborhood club: "It was late and there weren't many people in there but this good-looking girl sitting next to me at the bar,

when this absolutely gorgeous guy came in.

"They started talking and drinking and pretty soon he had his arm around her and they were kissing at the bar. I wasn't talking to anyone and I guess I was kind of turned on just watching. Then I realized she had spread her legs wide and his hand was in her pussy. She started moving as if she were humping that stool. I was stunned. Then she put her hand on his dick, which I could see clearly, and boy, did he ever have a hard-on.

"I wasn't the only one watching. Pretty soon he unzipped his pants and she went down on him right then and there; I swear. And the people around, instead of being shocked, started helping. One girl came behind him and started kissing him while she was going down on him, and another guy got down on the floor next to her and started playing with her tits. It was one of the most erotic scenes I'd ever witnessed, because the people who were doing it were really enjoying themselves—and so were those of us watching."

"I guess I did it as a lark," admitted **Linda, a school teacher from Dallas.** "My boyfriend and I were at a club and we'd been drinking and dancing and were really turned on. We went over to some banquettes and started kissing. Then he dared me to go blow him. The adventure of it was irresistible. I guess I was a little high and I just didn't care, so I casually bent down and put my head in his lap.

"I rubbed my head against his cock till it was good and hard and then eased the zipper down. Since he never wears underwear, the tip of his cock just popped out. Well, I put it in my mouth and started sucking away.

I was lost in my own world and really carried away and he had his hand under my skirt to give me encouragement. I was more turned on there then I'd been since we'd started dating. It was like an aphrodisiac.

"I sucked and sucked at him until I could feel he was ready to burst. And when he finally came in my mouth like a geyser going off, I swallowed every drop of it and licked my lips. He was thrilled at what I'd done, and promised to 'get even' the next week. I could hardly wait. And the thing about it was that as long as we didn't bother anyone, I knew that we wouldn't be stopped. There's something in the air that turns everyone on."

There's a little place just north of Las Vegas where what goes on is even more infamous than the watered-down drinks they serve. **Joanne is a nurse.** She doesn't have a boyfriend so on weekends she really wants to let loose.

"At this place, I hang out there a lot. We're all friends. After all, who's new in a town that's not even on the map? So I go there to unwind with a few drinks and decide who's it for the night. But I really have the hots for the owner. The problem is that he already has a girlfriend. She never comes in, but she knows what time he closes up.

"So I must admit that after closing, we fucked on the bar, under the tables, just about anywhere. Pretty soon some of the regulars heard about our exploits and wanted to stay. The more the merrier, I say. I mean, I could be laid out on the bar, naked, with one guy eating my pussy and another sucking on my tits. I might give a blowjob to another guy while someone is fucking me from behind. I love sex and I don't care where I get it or from who. I'm not jealous or possessive, and I don't mind sharing myself as long as a guy's a great lay."

San Francisco had always been in the sexual avant garde. A huge "entertainment complex" opened there once, with a disco, food, some live entertainment and a room that the owner simply dubbed "the Fuck Room." Off the record, he once admitted, "Look, the idea was to get people in there and keep them there so they spend their money drinking. The more we give them to do, the longer they'll stay-and the more often they'll come back. It's the people that make a place like this hot.

"So when we designed it, we just added a room with these huge cushions that was very secluded, dark and private where people could feel free. Now I won't admit that it's for fucking, but who's gonna stop them if they do. And it's all very, very discreet."

One night—in fact, any night—if you walk into the 'talking' area, you can see couples sprawled everywhere, doing just about everything. "I saw two guys sucking this girl's tits at the same time," says Tom, a single guy who went there for some action. "So I figured I might as well help myself, too. So I went up and started playing with her pussy. She loved it. And not only was I living out my fantasy of doing it with a chick I didn't know, but she had three dudes paying all this attention to her—and nobody even knew her name. You can be anybody you want and do anything you want, and you don't have to wake up with your mistakes in bed with you the next morning.

"She had the greatest set of tits I'd ever seen, and she enjoyed every bit of what was going on. And she had the juiciest cunt I'd ever tasted. It just gushed. The funny thing is that later, when it was time to leave, I saw her and realized she wasn't even young. I didn't care and I guess that's the way she can get what she wants. You see all types—from Gen Zers to middle-aged couples—getting turned on to what's happening."

Dave and Jill, a couple from Miami, best summed it up: "We've been married a while and frankly we're a little bored with our sex life," said Dave. "We'd done just about everything possible, and we wanted to add excitement to our life. I really get turned on seeing some guy give my wife a good fucking. And she gets just as excited seeing me bang another woman. And the thing is we aren't cheating. The best part is that it really turns us on, so that when we get home and fuck in the privacy of our bedroom, that's the best sex of all."

And not only was I living out my fantasy of doing it with a chick I didn't know, but she had three dudes paying all this attention to her—and nobody even knew her name. You can be anybody you want and do anything you want...

Trixie had always been a bit eclectic, even when it came to managing a headache she turned to more natural healing methods. When I turned vegan five years ago, I noticed that my sex drive and energy increased. I think that red meat made me slower and more lethargic. I also think my sex partners noticed because many of them just couldn't keep up with me.
